JS Foundation

Kris Borchers, Executive Director

Innovate *Together*

- **Community**
  - A center of gravity for open source JavaScript
  - Crossing domain, technology and business sectors

- **Collaboration**
  - Provide a location and mechanisms for the community to work together
  - Guidelines and principles for growing large, diverse contributor bases

- **Continuity**
  - A large, collaborative community increases innovation while providing for long-term sustainability

Our Members
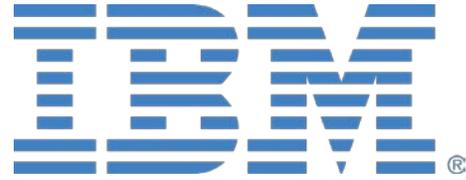

Community

23 open source projects spanning multiple segments of the JavaScript ecosystem

Community

Jed
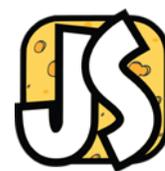

Community

Approaching **6,000** unique contributors across 20+ GitHub orgs and 200+ repos

Community

jQuery still runs on **80% of top million websites** and **>18% of the entire internet**

Community

The jQuery CDN (code.jquery.com) averages **~15k requests/second** which translates to **>36 Billion downloads/month** and transfers of **>1.6 PB/month**

Community

Community

39 million   17.5 million   7.3 million   5 million   4.7 million   4.3 million   2.6 million

Community

Aggregate project downloads from npm are
~80 million/month!

Community

It's not just about the numbers

Get Involved

Influence, partner and collaborate around initiatives that support the broader JS ecosystem
