You teach the computer and it's
not the computer teaching you

ABOUT IDEAS PLAY TECHNOLOGY

Today, drawing lines is not all that exciting. But Minecraft is very exciting!

Don't forget to love, fave, and follow for more! :D

HOLY MOLY FEATURED THANK YOU SO MUCH :D <3 I CANNOT TELL YOU HOW HAPPY I AM <3

featured november 13th, 2016

full screen is also laggy!

I added a restart button! :D press the "r" key on your keyboard to restart the level!

Due to popular request as well, I added a hitbox.

FOR THE MUSHROOM LEVEL YOU ARE SUPPOSED TO GO ONTO THE ISLANDS AND WALL JUMP NOT UNDER THE WATER (sorry for caps a lot of people are complaint about it and It's possible, I did it. It's actually easy)

While you're at it sub to my youtube <3
