Node Together

**This is how you contribute
to Node.js Core!**

Step 1: grab some coffee
Step 2: make a friend

The Node.js Foundation exists to increase the adoption of Node.js and increase participation in the Node.js project.

- Maintaining the health of the core Node.js project
- Fostering and encouraging a healthy Node.js open source ecosystem
- Fostering and encouraging a healthy commercial ecosystem of training, products and services for Node.js
